Allergen and Ingredient Information

Valid from October 2020

Allergens are highlighted in bold, if you suffer from that particular allergy the product is not suitable for you to consume.

"May contain" means that those allergens are present at the manufacturing site or in the supply chain and the supplier believes there is a risk they may have cross contaminated the product. (May contain tree nuts indicates the presence of the following; almonds, brazils, cashews, hazelnuts, macadamias, pecans, pistachios, walnuts & their respective derivatives).

Allergen information found in the table below has been derived from specifications obtained from the suppliers of the products. We have taken all reasonable steps to ensure that this table is accurate at the time of publishing. The Pizza Hut website will be updated regularly should any changes occur.

Pizza Hut staff need to be informed of your allergy every time you dine with us even if you have eaten the dish before so that every precaution can be taken in our kitchen to prevent cross contamination. In the eventuality of a product recipe change, you should inform Pizza Hut staff of your allergy every time you dine with us.

*Our BBQ Sauce is suitable for those who are following a gluten free diet. The sauce contains less than 20 parts per million (ppm) of gluten in the finished product.
